Dear Mr. Raghavendra Rao,

The Revenue Commissioner, whom I happened to see this morning, mentioned to me that when a few days ago the First Member of Council inspected the lands of the Eastern tope belonging to the Sree Janardhanaswamy temple at Mandya, proposed to be acquired for the Sugar Company, and expressed the desirability of expediting the acquisition, you informed him that the Sugar Company was averse to proceeding with the acquisition if it involved payment of conversion fine. If the Revenue Commissioner understood you correctly, I hasten to inform you that this is a misapprehension.

If you will look into the papers in your Office, you will see that we have never referred to the question of conversion fine in this connection. This is an acquisition for the purpose of laying out a cane yard and if any rules require payment of conversion fine, the same will be paid.

A reference to the correspondence on the subject will show that the last we heard from you was when you forwarded to us a copy of your letter addressed to the Revenue Commissioner on the 27th July 1939. Subsequently we sent you two reminders, dated 28.11.1939 and 24.4.1940, to neither of which we have been favoured with a reply.

We shall be exceedingly grateful if the acquisition of these lands is expedited and the whole area included in the Sugar Town Board.

Yours sincerely,

kc

39 There is no doubt that the original estimate of the value of the land at Rs 150 per acre was excessive land. But there is no justification for demanding compensation from the Sugar Co at the rate now proposed by the Dy Commr, Viz Rs 327 per acre including common fruit. Even Mr Devanayagam does not claim that the market value was more than 9 to 12 annas per sq yard. The Dy Comm's calculations are based on the assumption that Re 1/- per sq yd can be realised. Not long ago a mango garden near this site was acquired and compensation was fixed at Rs 400 per acre. Considering all circumstances, including the desire of the Townspeople to see that the temple is fairly and generously treated in this matter, I think that Rs 500 per acre might be ~~the~~ compensation payable for this land might be fixed at Rs 500 per acre

(2) L.R. 1193-38-2 relating Special assessment and conversion fine on the lands of the Temple ordered to be disposed of; and

(3) Mercy 51-39 relating to the Memorial of Mr B.V. Krishnan and others of Mandya making certain suggestions in the interests of the Temple, in connection with the proposed disposal of the Temple lands for sites, shops, cinema and the Sugar Factory.

43 The proposal made by the Mercy Commissioner now is that the lands in the Ecostate Tope bearing S. Nos 839, 840, and 845 of Mandya Hobli belonging to the above Temple, may be ordered to be acquired under the Land Acquisition Act for the Local Sugar Factory, excluding some portions occupied by the Pond and temples etc of these 3 Survey Numbers, S. No 839 has ordered by Government in the Mercy Dept, to be divided into Shop sites and disposed of in the best interests of the Temple. As to why action has not taken as directed by Govt in November 1937, in respect of the disposal of this S. No 839, the Mercy Commissioner has

reported that the question had to await the inspection of the lands by Mr Krumbiegel and that after his inspection, it was suggested that as the tope was close to the Sugar Factory it would be more convenient and advantageous to hand over the lands to the Sugar Factory. S

44 Protest petitions have been received from certain devotees of the temple residing in Madras to the effect that the pond and the tope near the temple were endowed by their ancestors, adduced to the temple that the lands proposed to be acquired should continue to remain as Temple property as far as possible and that if this is not possible, the lands may be disposed of to the best advantage of the temple, the realisations being not less than 9 to 12 annas per sq. yard and subject to reservation of 30 to acres of land for manual labour of worship etc by the temple authorities. C + U

45 The Dharmadarsis of the Temple are stated to have agreed to the acquisition of the lands, on informal consultation. The Mirasi Conn is also stated to have endorsed to the petitioners that their prayer can not be complied with. F.

As regards the matter contained in the

Serial No.

Epigraphica Carnatica, referred to by the petitioners, it amounts to this, when translated into English, viz, "Tirumalachariya, the son of Govinda - Raja of Srirangapatanam made a pond and a garden in the name of his father, calling the pond Govindaraja-pushkarini and the garden, Govindarajavidu, etc." This inscription only bears testimony to the fact now put forth by the petitioners about the endowment made by their ancestor (to the temple) and nothing more.

Further, it is only 9 acres and 24 guntas of land, out of the total extent of 18 acres and 34 guntas comprised in the S. Nos that are now proposed to be acquired and the pond, the tope and the other lands comprising the temple etc, are proposed to be preserved for the temple itself. The prayer of the petitioners is thus complied with and no further action seems to be called for about the same.

As regards safeguarding the interests of the Temple in allowing the lands now proposed to be acquired for the sugar factory, the Deputy Commissioner has proposed that compensation may be awarded to the temple at Rs 1894 per acre of land acquired. Government have proposed to fix this amount at Rs 500 per acre (vide para 3 of the note, in the file) A Statement showing the Valuation of lands

NOTE—Contn. Sheet.

in Mailsi Kasabe (as proposed by the Land Registrar) is just & the lands are valued normally between Rs 250 and Rs 750 per acre. Even according to the Rules regulating awards of compensation, only the market value of the land has to be awarded and this value depends on general pre-existing conditions apart from the individual prospects of a particular purchaser and does not include merely potential values such as may arise from the use to which the land is to be put (in the present case by selling the land after cultivating it into building a shop, etc.). In this view, the valuation made by the Deputy Commissioner allowing 40 times exclusive value ~~cannot be said to be excessive~~

Letter no G.A.C. 56/38-39 dated 15.11.41 from the Deputy Commissioner, Mandya stating that the Secretary Sugar Co. has returned the declaration statement requesting for inclusion of two new areas which are proposed to be reserved for construction of latrines and tollgate and that the question of acquisition has to await orders re-extention of the municipal boundary, in the circumstances stated.

Submitted for perusal and orders.

The Deputy Commissioner, Mandya, states that the Secretary of the Sugar Co. has requested for inclusion of the areas reserved for the Construction of public latrines and toll gate, in the declaration statements.

As regards the area reserved for construction of public latrines, it is stated that the Municipal Council have resolved to drop the acquisition of this area, and that it might therefore be included in the declaration statements.

As regards the land reserved for the tollgate it is stated that the Municipal council are not agreeable to shift the tollgate from its present place and relegate the lands to the Sugar Co. as it would result in a recurring loss of nearly Rs. 18,000/- per annum to the Municipality stated to be.

The Sugar Co. are also not in favour of giving up this bit of land, as it would interfere with the purpose for which acquisition is applied for.

The Deputy Commissioner states that, under these circumstances, it would perhaps be possible to shift the tollgate and

SIR,

Acquisition of Eastern Thope, S.Nos.839, 840 and 845 belonging to Sri Janardhanaswami Temple, Mandya, required for the Sugar Factory.

With reference to Development Secretary's letter No.A.F.982/Agri.41-39-2 dated 12-9-1939 calling for information as to why action was not taken in respect of S.No.839, as directed in G.O.No. 700-2/Muz.117-37-2 dated 12-11-1937, I have the honor to forward herewith a copy of letter No.L.A.56/38-39 dated 8-2-1940 from the Deputy Commissioner, Mandya District, together with a copy of the Sub Division Officer's report dated 9-1-1940 referred to therein, and to state that, for reasons stated by the Sub Division Officer, the question of lay-out of the lands as shop sites had to await the inspection of the lands by Mr. Krumbiegal and that after his inpection it was suggested that as the thope was close to the Sugar Factory, it would be more convenient and advantageous to hand over the lands to the Sugar Factory. It is proposed that the possession of the lands may be handed over to the Factory pending sanction to the acquisition proceedings.

2. In the above circumstances, I request that sanction of Government may kindly be obtained to the acquisition of lands, as recommended in my letter No.C.891/38-39 dated ----------

Subject:- Acquisition of certain lands belonging to the Sri Janardhanaswami Temple at Mandya required for the Sugar Factory.

With reference to your letter No.C.891/38-39 dated 3rd November 1939 requesting that a clear report may be submitted as to why no action was taken till now as per G.O.No.700-2-Muz.117-37-2 dated 12-11-37 regarding the disposal of S.No.839 which is one of the S.Nos. proposed for acquisition now for the Sugar Factory, I have the honor to forward herewith for favour of perusal and orders a copy of report No.C.Ac.27/38-39 dated 9-1-40 received from the Sub Division Officer, Mandya, which meets all the points raised.

Letter No.G.A.C.27-38-39 dated 9-1-1940 from the Deputy Commissioner, Tanjore, Trichy, Madura, to the Deputy Commissioner, [illegible], Madura.

With reference to your Memo No.L.A.56/38 dated 9-11-1939 calling for reasons for the delay in taking action in pursuance of Government Order No. 700-2/Muz.117-37-2 dated 12th November 1937, I have the honor to submit herewith the Amildar's report in original and to state as follows.

As reported by the Amildar, Mr. Krumbiegal's instructions with regard to the lay out of the lands as shop sites were awaited. Finally when Mr. Krumbiegal inspected the lands it was suggested that the Eastern Thope being close to the Sugar Factory Weigh Bridge, it would be more convenient and advantageous to hand over the lands to the Sugar Factory. Almost simultaneously with Mr. Krumbiegal's ~~instruction~~ suggestions, the Sugar Factory authorities sought these lands in acquisition for keeping it as waiting yard for the canecarts. This proposal of the Sugar Factory was vehemently opposed by the Temple Dharmadarsis and finally after the joint inspection of the spot by the Deputy Commissioner and Chairman of the Sugar Factory, it was decided after informally ~~i~~ consulting the Dharmadarsis and other important persons interested in the institution that the lands may be acquired for the Sugar Factory. Some of the devotees of the institution from Madras who protested against this decision were also endorsed by the Muzrai Commissioner stating that their prayer cannot be complied with. As the Sugar Factory authorities were pressing for the acquisition of these lands necessary sanction may kindly be accorded early for the acquisition of these lands as already submitted in this office No.G.A.C.27/38-39 dated 21-7-1939 and to hand over the possession of the lands pending formal acquisition proceedings.

With reference to correspondence ending with your letter No.C891/38-39 dated 21st February 1940 on the above subject, I am directed to invite reference to the marginally noted extract from the petition of Rao Bahadur M.A. Thirumalarayana Chariar and to request you to obtain and forward for perusal of Government a copy of Epigraphica Carnatica referred to therein.

I beg to submit this representation regarding the disposal of the East Tope lands belonging to Sri Laxmi Janardhanaswamy Temple at Mandya. My Great Grandfather endowed this Tope (near the Sugar Factory) to the said temple. Four tablets at the corners of the Pond attached to Gajendra Mokcha Mantap bear evidence to this fact. (Epi. Graphica Carnatica, Mandya Nos. 63 to 66). I am naturally anxious that these lands should remain as Temple property. You are doubtless aware that His Highness has his motto "

I am confident that as his Chief Adviser, you will maintain this motto as far as possible. My nephew Sriman M.A. Krishnamachar, B.A., B.L., son of the late Dewan Bahadur M.A. Parthasarathi Iyengar, B.A., B.L., also associates with me fully in this representation.

I am also to point out that the valuation of the lands in question appears to be too low.

My dear Sir,

I am enclosing herewith, for your information, a copy of letter No.E.16/11058 dated 24th May 1940, from the Chairman, Mysore Sugar Company, Limited and my letter to the Revenue Commissioner in the matter. I regret if any mistake has been made by me in stating that the acquisition of the survey numbers noted in the

S. Nos.839, 840 & 845

margin and particularly of Survey Number 845, has been held up on account of the conversion fine question. The acquisition of Survey Numbers 839, 840 and 845 have been recommended to - Government (vide: Revenue Commissioner's letter No.C. 891/38-39 dated 20/21st February 1940 addressed to the Law Secretary to Government)and it is not held up on account of the question of conversion fine. It is only regarding the inclusion of S.No.845 in the Town Board area that there is correspondence going on and not - regarding its acquisition.(Copy enclosed).

2. It is only in respect of the survey numbers noted

* S.Nos. 618, 720, 796, 797, 799, 800 & 811.

~~noted~~ in the margin* that the Company has written that they have taken up the matter of conversion fine in -- connection with the acquisition of Survey Number 619 with me Re. and would revert to the subject on hearing from that Officer.

Letter No.E.16/11058 dated 24th May 1940, from the Chairman, The Mysore Sugar Company, Ltd., Seshadri Road, Bangalore, to the Deputy Commissioner, Mandya District, Mandya.

The Revenue Commissioner, whom I happened to see this morning, mentioned to me that when a few days ago the First Member of Council inspected the lands of the Eastern Tope belonging to the Sree Janardhanaswamy temple at Mandya, proposed to be acquired for the Sugar Company, and expressed the desirability of expediting the acquisition, you informed him that the Sugar Company was averse to proceeding with the acquisition if it involved payment of conversion fine. If the Revenue Commissioner understood you correctly, I hasten to inform you that this is a misapprehension.

If you will look into the papers in your Office, you will see that we have never referred to the question of conversion fine in this connection. This is an acquisition for the purpose of laying out a cane yard and if any rules require payment of conversion fine, the same will be paid.

A reference to the correspondence on the subject will show that the last we heard from you was when you forwarded to us a copy of your letter addressed to the Revenue Commissioner on the 27th July 1939. Subsequently we sent you two reminders, dated 28.11.1939 and 24.4.1940, to neither of which we have been favoured with a reply.

We shall be exceedingly grateful if the acquisition of these lands is expedited and the whole area included in the - Sugar Town Board.

Letter No. O.C.17/39-40 dated 23-1-1940, from the President, Town Municipal Council, Mandya, to the Deputy Commissioner, Mandya District, Mandya.

Subject:- Inclusion of the Revenue Survey No.845 in the Mandya Sugar Town Board area.

I beg to submit that the subject under report was placed at the Mandya Town Municipal Council Meeting held on the 21st instant for opinion.

The Municipal Council is of opinion that the giving away of the control over S.No.845 to the Sugar Town Board will affect their toll and octroi revenue. The same apprehension was also expressed when the Government called for the opinion of the Municipal Council when forming the New Sugar Town Board area and when the composition of the toll question was referred to the Municipal Council, it was once again urged that the Government may permit compsoition in a way as not to affect the present toll revenue of the Municipality.

Survey No.845 is just near the Weigh Bridge and the cessation of Municipal Control over the area might take away the right of the Municipal Council for the toll revenue.

A copy of the resolution of the Municipal Council passed in the matter is herein enclosed for favour of kind perusal and orders.

To

The Deputy Commissioner,

Mandya District,

Sir,

Acquisition of certain lands belonging to Sri Janardanaswamy Temple at Mandya for the Sugar Factory.

With reference to correspondence ending with your letter No.A7. 729/40-41 dated 12th Sept. 1940 on the above subject, I am directed to point out that the amount deposited by the Company for meeting the cost of the acquisition, as per the preliminary estimate, viz., Rs.1,728-12-0, seems to be too little considering the present market value of the lands. I am to request you, therefore, to enquire and report if the Sugar Co., is agreeable to pay the amount that might be awarded by the Land Acquisition Officer, or, if the matter is thereafter taken to the Court, whatever the court may award..

I am also to invite reference to your letter No.L2A.56/38-39 dated 14th Nov. 1940 stating that the Sugar Co., is agreeable to withdraw from the acquisition of a portion of the area asked for by them in connection with the construction of a Veterinary Dispensary building at Mandya and to enquire whether the declaration statements have to be revised.

The connected records are herewith returned for retransmission early with a detailed report and revised proposals if necessary.

I have the honour to be,
Sir,
Your most obedient servant.

To Sir,

With reference to correspondence ending with your letter No A7.725/40 dt 12-9-40 on the above subject, I am directed to point out that the amount deposited by the Company for meeting the cost of the Acquisition, as per preliminary estimate, viz Rs 1728/12 as value of the land would seem to be inadequate in view of the present market value. I am to request you, therefore, to enquire & report if the Paper Co is agreeable to pay the amount that might be awarded by the Land Acquisition Officer, and any amount that may be awarded by the Court; whether the Company is finally to pay the amount payable if the matter is taken to Court.

SIR,

Subject:-- Acquisition of Eastern Tope belonging to Sri Janardhanaswami Temple Mandya.

--:o:--

With reference to your letter No.D.24-20-T.C.265-39-7 dated 25th November 1940 enquiring whether the Mysore Sugar Co., would be agreeable to pay the amount that might be awarded by the Land Acquisition Officer in connection with the acquisition of Lands in the Eastern Tope belonging to Sri Janardana Swamy temple, required by the Sugar Co., I have the honour to forward herewith the copy of the - letter E.16-4499 dated 11th December 1940 from the Secretary, Mysore Sugar Co., Bangalore in the matter, and to state as follows:-

As could be seen from the previous correspondence on the subject this area was proposed to be acquired for being coverted into shop - sites and disposed off in the best interests of the Institution. Mr. Crumbiegal Government consulting Architect, having opined that the area, might be given away to the Sugar Company, the question of present acquisition was taken up.

The estimate regarding the compensation payable furnished by the Sub Division Officer Mandya for the acquisition of which the Sugar Co., appear to have deposited a sum of Rs.1728-12-0 is seen to have been based on the award made in respect of 4 extents previously acquired in this No. My Predecessor Mr.B.S.Raghavendra Rao has in view of the nearness of this tope to the town, the possible demand for building sites in the locality and the rates at which the sites nearby in the town were sold at the time, appears to have gauged that the - institution would have realised a net amount of Rs.1894/- per acre.

And the area been formed into shop sites and disposed of in Public auction the estimate made by Mr.B.S.Raghavendra Rao perhaps would have been,in all probability, realised.

The Secretary Mysore Sugar Co., has stated in his letter that as per agreement entered into by the Sugar Co., with the Government in this regard, the compensation that might be awarded in the case has to be paid by them and requests for particulars regarding the excess over the previous estimate. He is being separately replied to in the matter.

As regards the area proposed to be reserved out of this S.No. for the construction of the Veternary Dispensary the President, Town Municipal Council, Mandya, has been requested to submit a report on the receipt of which the Declaration statements, will be forwarded to you, duly corrected for the net area that would be available.

I have the honour to be,
Sir,
Your most obedient servant,

Letter No.E-16/ Dated 11th December 1940 from the Secretary Mysore Sugar Company, Ltd., Bangalore to the Deputy Commissioner Mandya District, Mandya.

Re: Acquisition of certain lands in the Eastern Tope belonging to Sri Janardhanaswami Temple.

We have for acknowledgment your letter No.L.A-56/38-49 dated the 4th December 1940, forwarding an extract of letter No.D-2420/ I.C.265-39-7 dated 25-11-40 from the Secretary to Government, - Development Department on the above subject.

The remarks contained in the above letter of the Secretary to Government appear to be based on a misapprehension. It is stated that the amount deposited by the Company, Viz., Rs.1728/12/0 appears to be too little considering the present market value of the lands. The above amount was what was intimated to us by the Land Acquisition Officer in April 1939 and based on his estimate of the market value of the land. The amount was deposited by us so long ago as 19th April 1939. We have been awaiting further action for acquisition for over 19 months. If during this interval the market value of the land has gone up, we may be kindly intimated of the extent of such increase.

As regards the query whether we are agreeable to pay the compensation that may be awarded by the Land Acquisition Officer, or if the matter is thereafter taken to court, whatever the court may award, we have to invite your attention to the agreement already executed by us in this behalf on the 15th June 1939 and forwarded to the Land Acquisition Officer.

Subject :— Re: acquisition properties in the Eastern Tope belonging to Sri Janardanaswamy Temple at Mandya required for the Mysore Sugar Co.

-O-

In continuation of my D.O.Letter No.G.A.C.56/38-39 dated the 5th instant on the above subject, I have the honor to state that the Chairman of the Mysore Sugar Company has returned the declaration statements in respect of the acquisition in question with a request to include the areas that have been proposed to be reserved for the - construction of public latrines and the toll-gate.

Regarding the area required for putting up latrines, the Mysore Sugar Company having undertaken to construct public latrines themselves, and the Town Municipal Council, Mandya, have resolved at their meeting held on 29-6-41 that the question of acquisition of 1 acre 10 guntas of land reserved for this purpose might be dropped. This area may be included in the declaration statements.

As regards the area of 10 guntas of land proposed to be reserved for the Toll-Bar, the Municipal Council have repeatedly stated that they are not agreeable to the shifting of the Toll-gate from its present place so as to admit the acquisition of this bit of land for the Mysore Sugar Company as this would involve a recurring loss of very

very nearly Rs.18000/- per annum to the Municipality.

The Secretary, Mysore Sugar Company has stated that the retention of the Toll-gate in its present position would interfere with the purpose for which the acquisition is applied for and as such the company is not in favour of excluding this bit of land.

The question of extending the Municipal Limits of the Mandya Municipal Council is under consideration. If sanction is accorded to the extension of the Municipal Boundary, the Municipal Council would have perhaps no objection then to the inclusion of this bit of 10 guntas in the area proposed to be acquired for the Sugar Company.

The contention of the Municipal Council appears to be tenable in as much as the shifting of the Toll-gate from its present position would seriously affect the revenues of the Municipality.

In the foregoing circumstances the question of acquisition has to await the orders of Government re: the proposals of the Municipal Council to extend the Municipal Boundary. This question is at present pending with the President, Town Municipal Council, Mandya, who has been reminded this day to expedite submission of particulars called for by Government.

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Mandya District.

Acquisition of certain lands belonging to Sree Janardanaswamy Temple at Mandya for the Sugar Factory.

With reference to correspondence ended with your letter No.A.C. 209/40-41 dated 14th September 1940 on the above subject, I am directed to point out that the amount demanded by the company for meeting the cost of the acquisition as per the preliminary estimate, viz., Rs.1,78,812-12-0 seems to be too little considering the present market price of the lands. I am to request you, therefore, to enquire and report if the Sugar Co., is agreeable to pay the amount that might be awarded by the Land Acquisition Officer or if the matter is thereafter taken to the court, whatever the court may award.

I am also to invite reference to your letter No.L.A.65/39-40 dated 14th November 1940 stating that the Sugar Co., is agreeable to withdraw from the acquisition of a portion of the area asked for by them in connection with the construction of a Veterinary Dispensary building at Mandya and to enquire whether the declaration statements have to be revised.

The corrected records are herewith returned for retransmission very early with a detailed report and revised proposals if necessary.

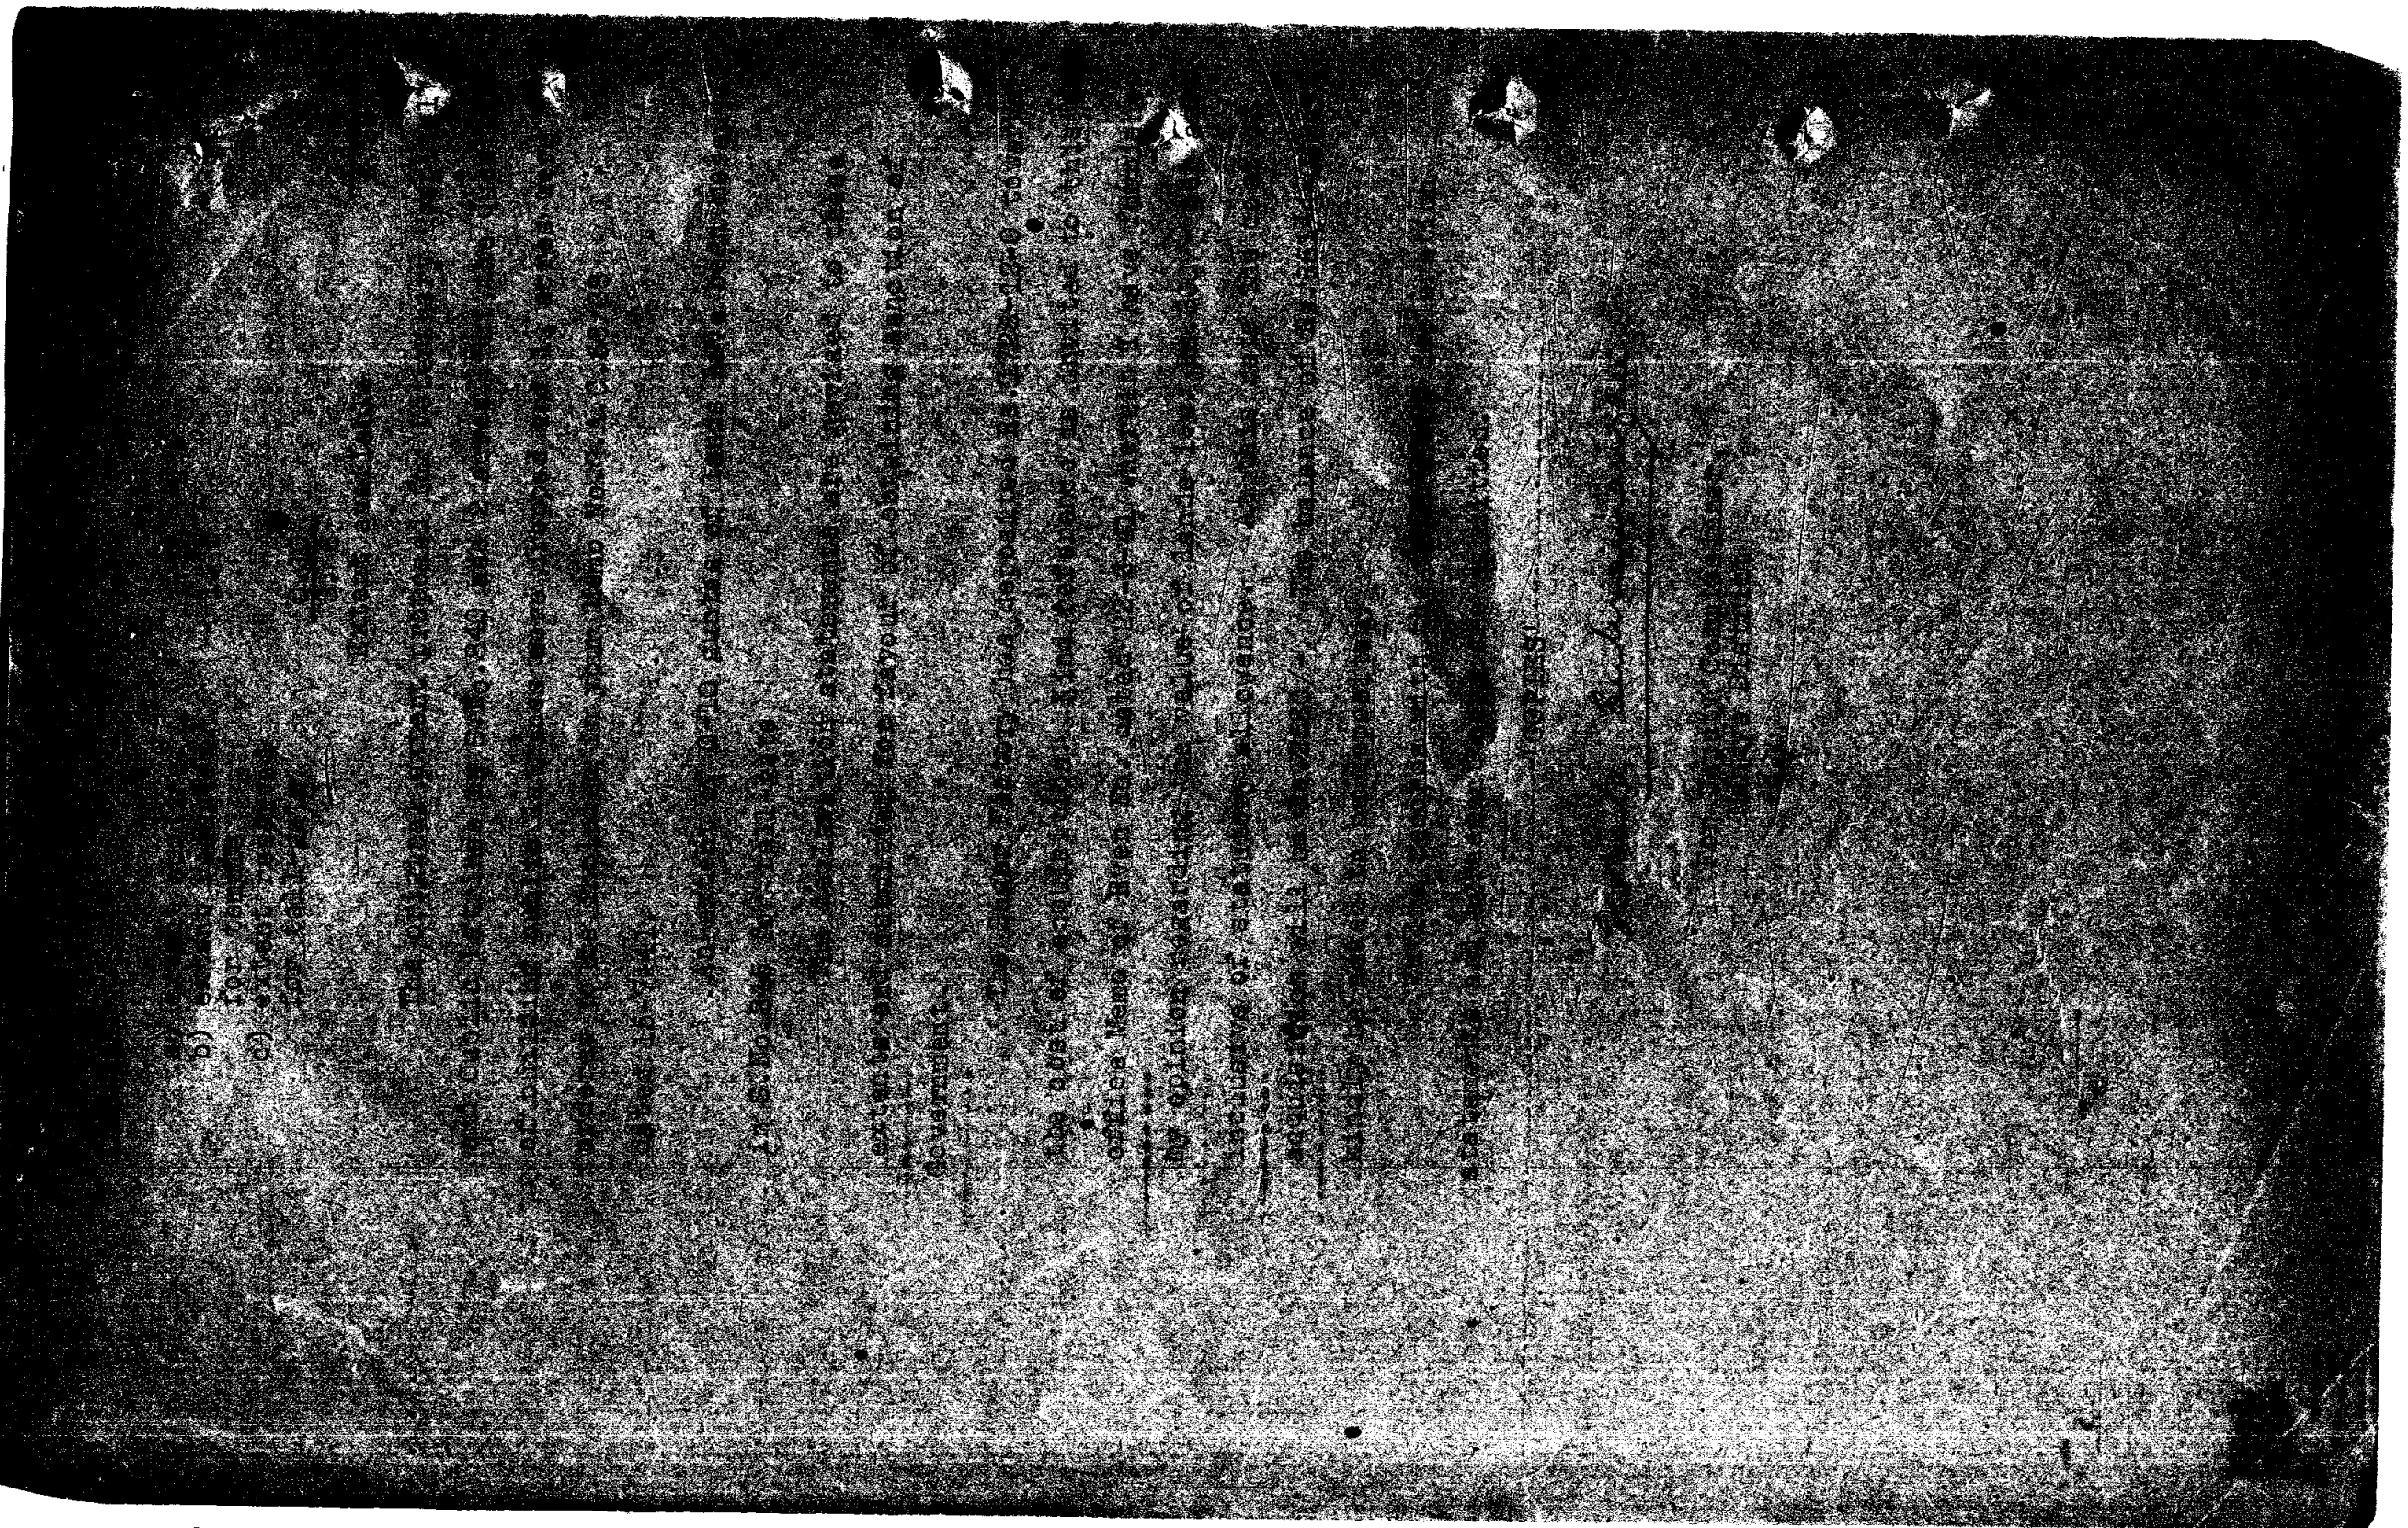
S.No.338 a) Extent already acquired [illegible] Acres 2-32
b) Extent occupied by [illegible]

S.No.340 [illegible] Acres 2-32



Submitted

This file relates to the question of acquisition of land forming part of the eastern tope (S. Nos. 839, 840 and 845) belonging to the Sri Janardhanaswamy temple at Mandya, for the Mysore Sugar Co., Ltd., for the purpose of laying out a weigh bridge and loading yard near the Sugar Factory.

'B' In forwarding the declaration statements in August 1939 and requesting sanction of Government for the acquisition of this land, the Muzrai Commissioner suggested that the usual formalities be dispensed with in view of the urgency of the matter and that immediate possession be taken of the land in question under the provisions of Section 17 of the Land Acquisition Act.

It was noticed that, of the land thus proposed to be acquired for the Sugar Company, the portion bearing S. No. 839 had been ordered by Government in 1937 to be disposed of in the form of shop sites, etc. On an enquiry being made as to why this order was not carried out, it was ascertained that Mr. Krumbiegel on an inspection of the land had subsequently suggested that 'C' it would be better to hand it over to the Sugar Factory instead of disposing of it as proposed.

Petitions, in the meanwhile, were received from certain devotees of the Sri Janardhanaswamy temple residing in Madras claiming to have a say in the matter of disposal of the temple lands on the strength of the fact that the tope and the pond near the temple were endowed by their ancestors. These petitioners 'D' suggested that the proposal to acquire the land for the Sugar Company may be given up, the land being leased out instead, or, in the event of that being found impossible, the land might be disposed of to the best advantage of the temple, an extent of land sufficient for the exercise of mamool rights of worship being however reserved. The petitioners were informed by the Muzrai Commissioner that the request for dropping the proposal for the acquisition of the land could not be complied with. As regards the alternative request made by the petitioners, it is, in effect, being complied with as the area to be acquired excludes the pond.

48

the temples, etc. Out of a total extent of 16 acres and 34 guntas of land, only 9 acres and 24 guntas were to have been acquired as originally contemplated.

In regard to the question of compensation payable by the Sugar Company, the Deputy Commissioner was informed in November 1940 that the amount already deposited (about Rs. 1,728/-) seemed too small to meet the cost of acquisition. He was, therefore, asked if the Company would be prepared to pay whatever amount might be awarded by the Land Acquisition Officer or by the Court, if the matter were taken to it. At the same time, the records were also sent back to the Deputy Commissioner for submitting revised declaration statements in view of the fact that the Sugar Company had in the meanwhile agreed to withdraw from the acquisition of a portion of the area originally asked for, to facilitate the construction of a building for the Veterinary Dispensary at Mandya.

'E'

In reply, the Deputy Commissioner wrote back intimating that the Sugar Company was prepared to pay whatever amount might be awarded as compensation.

'F'

In November 1941, another communication was received from the Deputy Commissioner stating that the declaration statements had been returned by the Chairman of the Sugar Company with a request that the area reserved for the construction of public latrines and that comprising the toll gate might also be included in the area proposed to be acquired for the Company. It was stated that the Mandya Municipal Council had agreed to the acquisition by the Sugar Company of the area meant for the construction of public latrines, it being understood that these latrines would be constructed by the Sugar Company itself. The Municipality, however, demurred to the suggestion in regard to the inclusion of the toll-gate in the area to be acquired for the Sugar Company, as it was feared this would entail considerable loss of octroi revenue. The Deputy Commissioner suggested that a solution to this difficulty could be found by extending the municipal limits of the town, and stated that the whole question of acquisition of land for the Sugar Company would, therefore, have to await consideration

'G'

49

of the question of extension of the municipal boundary.

The Sugar Company seem apparently to have since agreed not to insist on the acquisition of the land comprising the toll gate. The rest of the land asked for by them was, therefore, recently taken possession of in anticipation of sanction to the acquisition, and the same handed over to the Sugar Company. The revised declaration statements have also been received through the Muzrai Commissioner. A draft of a Government order sanctioning the acquisition of the land and directing action being taken under Section 17 of the Land Acquisition Act in view of the urgency of the matter is now submitted for approval, along with a draft letter to the Compiler of the Gazette asking that the declaration statements be published.

The area originally proposed to be acquired for the Sugar Company was 9 acres and 24 (24?) guntas. The area now proposed to be acquired is 8 acres and 14 (24?) guntas, which excludes the area reserved for the Veterinary Dispensary (1 acre) and the toll-gate (10 guntas).
